

## SCOPE AFTER SCHOOL HOMEWORK & SCHOOL SUPPORT AGREEMENT

SCOPE schedules approximately 40 minutes of quiet time for homework and school support each Monday -Thursday (refer to the posted schedule at the program for the specific start and end time). From time to time the schedule may fluctuate due to space limitations, special events, etc. This time is allocated for students to work on homework assignments, to study, and/or to read. During this time, children are directed to work independently. Staff will be available to answer questions regarding homework directions, to provide encouragement, and to oversee that children are quietly on task. If children complete all homework assignments, they will be directed to read or study; Kindergarten and 1<sup>st</sup> grade students will participate in staff directed quiet activities. Additional homework/study/reading opportunities may also be provided as an alternate activity. Please note that your child's participation during scheduled academic time is dependent upon your pick-up time.
