## CODING AND TECHNOLOGY FOR KIDS!

Have you ever wondered how to code a video game, create animations or your own story on the computer? Want to have fun on the computer and get creative? We will explore computer science through coding, educational websites, videos and unplugged lessons.

*Course #1 - Session 1 - Grades K-2      Course #2 - Session 2 - Grades 3-5*

## DELIGHTFULLY TASTEFUL

Don't ask "what's for lunch?" Let's make it yourself! Kids' favorite recipes as well as chocolate treats will be prepared. Get ready to dig in, enjoy the food, gain cooking skills and have fun! The chefs will also create and design their very own cookbook from the recipes we used in this course. The kitchen classroom is the tastiest place to learn and have fun! Bon Appétit!

*Course #3 - Session 1 - Grades K-2      Course #4 - Session 2 - Grades 3-5*

## FITNESS, YOGA & MORE

Enjoy the benefits of a healthy, active lifestyle while learning cooperation skills through physical fitness activities and sports. We will also focus on staying calm, cool and collected by exercising your brain and body through meditation & yoga. Leave behind the TV and video games and come join in the action! Let the games begin!

*Course #5 - Session 1 - Grades K-2      Course #6 - Session 2 - Grades 3-5*

## SPOTLIGHT ON THEATER

Do you crave the spotlight? Do you want to improve your acting skills? Well, now is your chance to be in the limelight! Students will learn various acting skills and stand in the spotlight for a class filled with the magic of theater. Students will create and act out commercials, bring books to life and perform for peers by creating their own props and scenery. Come join us as we perform and light up the stage!

*Course #7 - Session 1 - Grades 3-5      Course #8 - Session 2 - Grades K-2*

## STEAM CHALLENGE

Do you like to explore and discover new things? If so, join us as we explore the world using interactive experiments that will be sure to spark your imagination. This hands-on class will include activities that incorporate aspects of science, technology, engineering, art and math (STEAM). Students will engage in challenges like building bridges and boats while testing their strength and much more. All will be sure to have a blast, so let the challenge begin!

*Course #9 - Session 1 - Grades 3-5      Course #10 - Session 2 - Grades K-2*

## WACKY EDIBLE SCIENCE

Have you ever wondered how things work? Discover, explore, and create our wonderful world through Edible Science! Ever eat slime? Construct the layers of the Earth and claim you have eaten the world! You will have the opportunity to learn about science through our interactive and hands-on experiments and activities that will be sure to spark your imagination! So c'mon and get messy! Join us and explore the possibilities!

*Course #11 - Session 1 - Grades 3-5      Course #12 - Session 2 - Grades K-2*
