Entering Kindergarten Courses

For students entering Kindergarten in September 2019

4 weeks:

July 1st - July 26th

(excluding July 4th)

Period A: 9:00 a.m. - 10:30 a.m.

Period B: 10:30 a.m. - 12:00 p.m.

- Kindergarten courses cost **\$196.00 per period.**
- Please note that these courses will meet for ***four weeks*** for 1 ½ hours each day.

KINDERGARTEN STEAM

Children entering Kindergarten in September 2019 will feel the heat with “Summertime STEAM.” This course is designed to enhance children’s thinking skills by having them participate in exciting and stimulating science, technology, engineering, art and mathematics activities. While bridging the gap between Pre-Kindergarten and Kindergarten, children will build projects, spend time in observation stations and use art materials to record experiences. This class will meet for four weeks and is intended only for students entering Kindergarten in September 2019.

Course #1: Period A July 1st - July 26th 9:00 a.m. - 10:30 a.m.

READ ALL ABOUT IT

Children entering Kindergarten in September 2019 will be stimulated with engaging stories, flannel boards, music and crafts to occupy warm summer days. The class is designed to bridge the gap between Pre-Kindergarten and Kindergarten and work collaboratively with Kindergarten STEAM. This class will meet for four weeks and is intended only for students entering Kindergarten in September 2019.

Course #2: Period B July 1st - July 26th 10:30 a.m. - 12:00 p.m.

SUMMER ENRICHMENT COURSES

SESSION 1: MONDAY, JULY 1 - FRIDAY, JULY 12

Period A: 9:00 a.m. - 10:30 a.m.

Period B: 10:30 a.m. - 12:00 p.m.

SESSION 2: MONDAY, JULY 15 - FRIDAY, JULY 26

Period A: 9:00 a.m. - 10:30 a.m.

Period B: 10:30 a.m. - 12:00 p.m.

CODING FOR KIDS

Calling all future computer scientists!! In this class, you will engage in hands on learning activities involving coding on iPads, tablets, & the use of robots. You will practice programming using robots through coding applications on the iPad or tablet. If you love gaming and technology, this is the right place to be!

Course #3 Session 2 Period A - Grades 4-6

Course #4 Session 2 Period B - Grades 1-3

EDIBLE SCIENCE

Have you ever wondered how things work? Discover, explore, and create our wonderful world through Edible Science! Ever eat slime? Construct the layers of the Earth and claim you have eaten the world! Come join us and explore the possibilities!

Course #5 Session 1 Period A - Grades 1-3

Course #6 Session 1 Period B - Grades 4-6

FITNESS FUN IN THE SUN

Fitness Fun in the Sun is a program where children will participate in various games and activities that will help students stay active! Children will have fun taking part in creative games that help develop different fundamental skills for all age levels! Time on the playground along with cooperative games will be done as well to help develop teamwork and sportsmanship. Don't forget to wear your sunscreen, dress appropriately and bring water! Please join us for some fun in the sun! **Featuring new activities - returning students are welcome!**

Course #7 Session 1 Period A - Grades 1-6

Course #8 Session 1 Period B - Grades 1-6

NATURE CRAFTING

Do you love to collect flowers, rocks, sticks, and leaves but you're not sure what to do with them? Let's explore the nature around us and create art and crafts with your findings. Be prepared to get a little messy during this fun and hands-on class. Students will create bird feeders, sun catchers, plant seeds, go on scavenger hunts, and MORE! Join this adventure and get creative!

Course #9 Session 1 Period A - Grades 1-6

Course #10 Session 1 Period B - Grades 1-6

STORYBOOK STEAM

In this class, you will be working like engineers to create and solve problems from some of our favorite storybooks! We will be going on adventures through stories such as "How I became a Pirate", "The Three Little Pigs", "Rapunzel", "Horton Hatches the Egg" & "The Most Magnificent Thing". You will work together to solve the characters' problem by creating something. If you love reading and creating, this is the class for you!

Course #11 Session 1 Period A - Grades 1-3

Course #12 Session 1 Period B - Grades 1-3

SUMMER MAKERSPACE

Have you ever wanted to create something for other people to use? In this class, get ready to use your creative mind to become an inventor! You will get to create any cool object that you want and share it with others to use and try out. Get ready to use all types of materials to design, create, and test out all your cool inventions!

Course #13 Session 1 Period A-Grades 4-6

Course #14 Session 1 Period B-Grades 1-3

SUMMER STRETCH & YOGA

In Summer Stretch & Yoga you will learn how to move your body and breath in a fun-filled way! Animals, nature and other objects come alive in our class; as we move, we learn to stretch our bodies in new creative ways. Through basic and challenging yoga poses, partner poses, group poses, yoga games, mindfulness activities, music and stories, we promote strength, flexibility, coordination, and body awareness. Breathing and visualization techniques teach focus, relaxation and self-control. Summer Stretch & Yoga also promotes inner-strength, confidence and self-esteem; a feeling of well-being and respect for others; and, love for one's self, inside and out.

Course #15 Session 2 Period A-Grades 1-6

Course #16 Session 2 Period B-Grades 1-6

SUPER SCIENTISTS

Join us as we make exciting discoveries about motion, weather, life science and chemistry. We'll use a variety of items and tools in our explorations to discover the world around us. Science is everywhere; come find it with us!

Course #17 Session 2 Period A - Grades 1-3

Course #18 Session 2 Period B- Grades 4-6

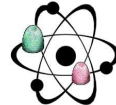

TASTE THE RAINBOW

Are you hungry? Look no further! In this class students will Taste the Rainbow including breakfast, snacks and frozen desserts too. Students will discuss the benefits of eating a variety of colorful foods that will help them grow strong and healthy. They will have the opportunity to prepare and taste rainbow recipes. Now's the time to try new and colorful foods!

Course #19 Session 2 Period A - Grades 4-6

Course #20 Session 2 Period B- Grades 1-3

YOUNG ENGINEERS

Interested in building things? In this course, you will create projects that involve designing, building and testing what you've made. Some of these projects may include making airplanes, creating structures, designing obstacles for marbles, building LEGO cities and popsicle stick bridges, and much more. You will even get to design your own boat, and then the best part – seeing if you can set them afloat in water! If you like building, this is the class for you! **Featuring new activities - returning students are welcome!**

Course #21 Session 2 Period A - Grades 1-3

Course #22 Session 2 Period B-Grades 4-6
