- ◆ GRADES 2-4 FRIDAY

TACKAN ELEMENTARY

- ◆ GRADES 2-4 MONDAY

COST: \$85.00 PER SESSION

School is back in session. The Fall season is here. Join us for Sensational Science 1 as we perform some fun Halloween themed science experiments. During this club, our “scientists” will explore the world of chemistry and physics. Students will explore a special paper that reacts to different liquids to show an eerie change, a creepy slime that changes in sunlight, watch as ghostly pop rockets defy gravity and use the power of friction to create a cup that screams.
