SCOPE: 631-360-0800 EXT 242

Canvas and Artistic Creations

Come join us and paint every Saturday. Students will have fun exploring different techniques, subjects and being creative with various types of paint. Students will have the opportunity to create a canvas painting while learning many different painting styles. **Preserve your clothes and bring a smock!**

Chef School

Put on your chef hat and get ready to cook! Students will learn how to make a variety of fun and healthy recipes that they can enjoy taste testing in class! Students will create and design a recipe book to bring home so they can showcase their new cooking skills for the family! ***If your child has food allergies we will make every effort to accommodate his/her needs, but please be aware that all ingredients are not guaranteed to be free of all various allergens.**

Chess Academy

Are you ready to take your chess skills to the next level? Or are you a beginner ready to learn the game of chess for the first time? Either way, this class is for you! Each chess academy session is structured by starting off with a 15-20 minute lesson on chess pieces, strategy, skills, gambits and plays, followed by 40 minutes of tournament style games. Students will compete in an in-house competition and no elimination tournament. All students will receive a trophy or medal at the end of the program. Students will increase their knowledge of the game and have a great time with their friends!

Coding and Technology for Kids

Have you ever wondered how to code a video game, create animations or your own story on the computer? Want to have fun on the computer and get creative? We will explore computer science through coding, educational websites, videos and unplugged lessons.

Creatively Pinterest

Get ready to get "crafty" and use your imagination for a winter filled with enjoyable DIY crafts! Young artists will make a variety of winter themed crafts as seen on Pinterest! We will draw, paint, collage, sculpt, and so much more! DIY arts and crafts make great gifts and are a lot of fun!

Extreme STEAM

This challenging class is designed for those students who are curious and love to design their own projects. Design and build an air-powered rocket, build a launching system and test it out. Build a Hoop Glider to see how far it can fly. Learn the art of problem-solving and how to improve your designs for improved speed or distance. Join us in Extreme STEAM as we set off to have some fun!

Primary Arts and Crafts

Join us in creating a variety of sensational projects. Get creative and have fun while using materials such as watercolors, clay, paint and more. Preserve your clothes and bring a smock!

Primary Sports and Fitness

Children will work on their fine and gross motor skills by participating in movement related activities. Musical hoops, soccer and sponge relays are just some of the high-energy activities that will keep students running and jumping!

Spotlight on Theater

Do you crave the spotlight? Do you want to improve your acting skills? Well, now is your chance to be in the limelight! Students will learn various acting skills and stand in the spotlight for a class filled with the magic of theater. Students will create and act out commercials, bring books to life and perform for their peers by creating their own props and scenery. Come join us as we perform and light up the stage!

Storybook STEAM

In this class, you will be working like engineers to create and solve problems from some of our favorite storybooks! We will be going on adventures through stories such as "How I became a Pirate", "The Three Little Pigs", "Rapunzel", "Horton Hatches the Egg" & "The Most Magnificent Thing". You will work together to solve the character's problem by creating something. If you love reading and creating, this is the class for you!

Team Sports Club

Leave behind the TV and video games and come join us in the gym for some healthy athletic fun. You will have the opportunity to participate in a variety of team sports such as wiffleball, tug-o-war, soccer and more! We will focus on sportsmanship and teamwork.

Wacky and Edible Science

Have you ever wondered how things work? Discover, explore, and learn about our wonderful world through tasty science experiments! Eat slime! Construct the layers of the Earth and claim you have eaten the world! Come join us and explore the possibilities!

Winter Wonderland Crafts & Origami

Do you have an interest in the winter and enjoy the snow? Join this hands-on & "COOL" class and create your own puffy paint snowman, snowflakes, personalized snow globes, and learn the art of Origami!
