

## TUESDAY

## THURSDAY

Session 1– 3:00-3:50 pm K-2: Story Book STEAM 3-6: Edible Science	Session 2– 4:00-4:50 pm K-2: Edible Science 3-6: STEAM Challenge	Session 1– 3:00-3:50 pm K-2: Coding for Beginners 3-6: Funtastic Fitness	Session 2– 4 :00-4:50 pm K-2: Fitness, Yoga & More 3-6: Strategic Games
---	--	--	---

### **Coding for Beginners**

Are you curious about computers? Do you want to learn how to create a path or maze for a mini robotic ladybug? It's fun.....just push the buttons on the remote to program a path and then watch as your ladybug follows your every command! A super-fun introduction to programming and coding for kids.

### **Edible Science**

Have you ever wondered how things work? Discover, explore, and create our wonderful world through Edible Science! Eat slime! Construct the layers of the Earth and claim you have eaten the world! Come join us and explore the possibilities!

### **Fitness, Yoga & More**

Enjoy the benefits of a healthy, active lifestyle while learning cooperation skills through physical fitness activities and sports. We will also focus on staying calm, cool and collected by exercising the student's brain and body through meditation and yoga. Students will also be engaged in mindfulness activities allowing them to focus on their current feelings and their surroundings. Leave behind the TV and video games and come join in the action! Let the games begin!

### **Funtastic Fitness**

Students will participate in various games and activities that will help them stay active! Run a wacky race, have a bean bag toss, play sports and more. Have loads of fun with your friends while improving physical fitness and teamwork skills. THE FUN IS HERE! Please join us for some fun fitness!

### **STEAM Challenge**

Do you like to explore and discover new things? If so, join us as we explore the world using interactive experiments that will be sure to spark your imagination. This hands-on class will include activities that incorporate aspects of science, technology, engineering, art and math (STEAM). Students will engage in challenges like building bridges and boats while testing their strength and more. All will be sure to have a blast, so let the challenge begin!

### **Storybook STEAM**

In this class, you will be working like engineers to create and solve problems from some of our favorite storybooks! We will be going on adventures through stories such as "How I became a Pirate", "The Three Little Pigs", "Rapunzel", "Horton Hatches the Egg" & "The Most Magnificent Thing". You will work together to solve the character's problem by creating something. If you love reading and creating, this is the class for you!

### **Strategic Games**

Do you like to play board games and solve puzzles? If so, join us for an exciting 10 weeks as we challenge our mental capacities to compete in popular board games and solve puzzles! This hands-on class will include activities that incorporate aspects of socialization, fair play, and collaboration. Students will engage in challenges like chess, scrabble, checkers, and 3-D puzzles. All will be sure to have a blast!
