From Learners to Leaders

SCOPE...A path to endless possibilities

SMITHTOWN SCHOOL DISTRICT

ST. JAMES ELEMENTARY SENSATIONAL SCIENCE 3 FOR STUDENTS IN GRADES 2-4

Spring is here! So, let's spring into a whole new set of sensational science experiments. During this science club, students will participate in several fun and exciting activities. First, the students will use their knowledge of physics to build mini "Bots". Then they will explore biology while studying the human eye and optical illusions. Next, they will perform two astonishing experiments and answer the question, is it "magic" or science? Last, students will see if they can master the "Egg Drop Challenge".

WEDNESDAYS	3/11, 3/18, 3/25, 4/1	8:30 - 9:30 AM
THURSDAYS	3/12, 3/19, 3/26, 4/2	8:30 - 9:30 AM

COST: \$85 PER 4 WEEK SESSION
