# Winter Enrichment Course Descriptions

## **Books and Bots**

Join us for an exciting journey through stories and robots! In Books and Bots, we'll explore picture books that take us into the world of STEM and robotics. Each week, we'll dive into a fun and colorful story and then put on our engineering hats to build, create, and experiment with simple robotics and STEM activities. From creating our own robot sidekick to coding through games, this class is perfect for young makers who love to imagine, build, and play. Come ready to read, think, and get hands-on with fun robots!

## **Canva Creations: Digital Art & Design**

In this exciting 8-session enrichment course, kids will dive into the creative world of graphic design using Canva! Perfect for budding artists and tech-savvy students, this course teaches the basics of design through fun, hands-on projects. Kids will explore Canva's user-friendly tools to create awesome posters, social media posts, flyers, and advertisements while learning essential design principles like color theory, typography, and layout. With plenty of room for imagination, students will develop confidence in their creativity as they bring their ideas to life in visually stunning ways.

## **Chefs of Asia: Culinary Adventures for Kids**

Join us on a tasty journey across Asia as we explore the flavors, colors, and cultures of countries like Japan, China, Thailand, and India! Each week, young chefs will learn to prepare simple, delicious, and authentic dishes, from hand-rolled sushi and veggie dumplings to tasty noodle bowls and mango sticky rice. With an emphasis on kitchen safety and cooking techniques, students will build confidence and learn about the stories and traditions behind each recipe. Perfect for little foodies excited to travel the world through taste!

## **DIY Winter Decor:**

Embrace the magic of winter in our hands-on DIY Winter Wonderland class, designed for creative minds! This exciting course invites young artisans to explore their imaginations while crafting beautiful winter-themed decorations. From shimmering snowflakes to cozy centerpieces, each week will feature a new project that sparks creativity and joy. Students will learn essential crafting techniques using a variety of materials, including paper, fabric, and natural elements. Our friendly instructors will guide them step-by-step, encouraging collaboration and self-expression. Along the way, participants will discover the beauty of winter, develop their fine motor skills, and take home delightful creations to share with family and friends. Join us for a frosty adventure of crafting, creativity, and camaraderie. Let's fill our spaces with warmth and cheer this winter season—one handmade masterpiece at a time!

## **Sensational, Storybook & Edible Science Club**

Get ready to embark on a deliciously fun adventure in our 8-week Edible and Sensational Science enrichment class! This hands-on program invites curious minds to explore the exciting intersection of food and science, where every experiment leads to a mouthwatering result. Each week, young scientists will dive into engaging topics, from the chemistry of baking to the biology of fermentation. They'll discover how everyday ingredients transform through heat and reactions, creating everything from fluffy breads to fizzy drinks. Participants will conduct experiments, observe fascinating changes, and taste their tasty creations, all while uncovering the science behind them. With a blend of kitchen experiments, group challenges, and sensory activities, this course will ignite curiosity and encourage critical thinking. Whether it's making homemade ice cream or experimenting with edible slime, every class will be an opportunity to explore, taste, and enjoy the science of food. Join us for a sensational journey where learning is delicious, and science is always on the menu!

## **Paint Party:**

Unleash your inner artist in this fun, interactive painting class designed for young creators! Each week, students will learn fundamental painting techniques while creating a unique canvas masterpiece to take home. Through step-by-step instruction and the exploration of different artistic styles, students will gain confidence in using acrylic and watercolor paints, brushes, and other tools. This class fosters creativity, self-expression, and art appreciation while offering a relaxing and joyful environment where students can paint with friends. No prior experience is necessary—just bring your imagination!

## **Pickleball Power Play: Fun, Fitness, and Friendly Competition!**

In this energetic and exciting class, students will dive into the fast-paced world of pickleball! Combining elements of tennis, badminton, and ping-pong, pickleball is the perfect game for developing hand-eye coordination, agility, and teamwork. Whether you're a beginner or have some paddle experience, this course will teach the rules, techniques, and strategies through drills, games, and friendly competitions. Join us for fun, fitness, and plenty of laughs as we learn the art of pickleball while making new friends on the court! Paddle up and let the games begin!

## **Winter Wonderland Treats: Global Festive Cooking & Chocolate Fun!**

Step into the magical world of winter treats with this festive, hands-on cooking and chocolate-making class for grades K-5! Over eight engaging Saturdays, young chefs will explore winter traditions from around the world through fun, no-bake recipes and chocolate-making activities. With easy-to-follow steps, this class encourages creativity, teamwork, and a love for holiday-inspired culinary arts. From crafting chocolate snowmen to making global holiday favorites, students will learn about different cultures while creating delicious, winter-themed sweets. Each session offers 1.5 hours of fun and food as we celebrate the warmth and joy of winter through treats from near and far!
